DETAILED ACTION

Response to Amendment

This communication is in response to the amendment filed 4/14/2009. The amendment has been entered and considered.

Claim Objections

The amendment filed 4/14/2009 has been entered. All previous claim objections are hereby withdrawn.

Claim Rejections - 35 USC § 112

The amendment filed 4/14/2009 has been entered. All previous 112 rejections are hereby withdrawn.

Allowable Subject Matter

Claims 1-2, 4-17, and 19 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record alone or in combination fails to teach or suggest the following claim limitations:

Mapping the contents of the K1 and K2 bytes into a first portion of the POH bytes for each frame of the multiframe for end-to-end handling and mapping the content of the K1 and K2 bytes into a second portion of the POH bytes for each frame of the second multiframe for intermediate handling as claimed. This limitation in combination with the other limitations of the independent claims are thus deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
